# REFINEMENT

**Customer:** Hello, I'd like to order a cake.

**Employee:** Sure, what would you like written on it?

**Customer:** Could you write "So long, Alicia" in purple?

**Employee:** Sure.

**Customer:** And put stars around it?

**Employee:** No problem. I've written this up, and will hand it to my  
cake decorator right away. We'll have it for you in the morning.
